

# L12N {Lingualization} App & LINT (Lingualization Token) Litepaper Version 1.1.1

## Introduction:

L12N {Lingualization} is a **Learn & Earn App**, driven by the community-based token. L12N is providing you a platform where you can earn tokens while learning a language.

Our community token, also called **Lingualization Token (LINT)**, is a digital asset that represents our shared values and goals. It is designed to incentivize learning and earning within the community and to reward members who contribute to the growth and success of the community.

To earn LINT, you can participate in a variety of activities, such as completing learning challenges, contributing valuable content or ideas, or helping to grow the community by referring new members. In the future, you can also earn tokens by providing valuable services to other members, such as teaching or offering mentorship.

Once you have earned LINTs, you can use them to access exclusive learning resources and opportunities or to trade them on cryptocurrency exchanges for other assets.

We believe that the Learn & Earn community has the potential to be a powerful force for positive change, and we invite you to join us in our mission to learn, earn, and grow together.

## Vision:

As part of our mission to promote the adoption and understanding of cryptocurrencies, we have decided to offer this language learning program (English, Chinese, Korean, etc.) for free to anyone who is interested in joining the crypto community. Whether you are a beginner looking to learn your first language or an experienced language learner looking to brush up on your skills, you can earn LINTs and NFTs while using the L12N app.

By joining L12N, you will not only have access to a wealth of language learning resources but you will also be part of a community of like-minded individuals who are passionate about both language learning and cryptocurrencies. We hope that this program will help to foster a sense of connection and collaboration within the crypto community and that it will attract more people to the world of cryptocurrencies.

# Tokenomics:

## 1. Token Chart:

Token Chart

**Reserve:** A portion of the total token supply that is set aside for a specific purpose, such as future development, partnership, marketing or any other spend if needed.

**Team:** LINTs that are allocated to the team behind the project, typically to incentivize them to continue working on the project. These tokens will be locked until our blockchain will be released. The tokens will be locked for 2 years with 12 months vesting.

**Advisors:** LINTs that are allocated to advisors who have helped guide and advise the project. 5 months cliff and 10 months vesting after IEO listing.

**Private Sale:** 10% of LINTs that sold in Fair Launch and Private Sale will be unlocked with the IEO listing. The rest of LINTs will be monthly vesting over 10 months.

- If funding reaches 50M BUSD, all of the unallocated LINTs in private sale reserves will be **burned**.

- Seed Round: Same rules apply as private sales.  
It has done between 23.02.2023-01.03.2023.

Public Sale: LINTs for exchange listing or launchpad platform.

Community & Ecosystem: LINTs that are used to incentivize and reward community members who contribute to the growth and development of the ecosystem. That includes Stake rewards, In-Game rewards and Liquidity pool.

Airdrop: LINTs that are distributed at social media events, promotions and campaigns. 5% unlocked with the IEO listing and 12 months vesting.

**Transaction Fees:** The transaction fees for Lint are 4% for holders, 2% for the team, and 3% for the liquidity pool, for a total of 9% transaction fees. These fees are applied to each transaction made with the LINT and will be used to support the maintenance and development of the token and its ecosystem.

Overall, the tokenomics of the LINT involve the creation and distribution of the token, the transaction fees associated with its use, and the potential use cases for the token within its ecosystem. By understanding these factors, investors and users can gain a better understanding of the value and potential of the LINT.

## 2. Funding Chart:

**Funding Chart**

**Administration:** Funds allocated for administrative and office expenses such as legal fees, accounting, compliance, rents.

**Product Development:** Funds allocated for the development of the project's core product or service.

**Contingency:** Funds set aside for unforeseen expenses or unexpected events.

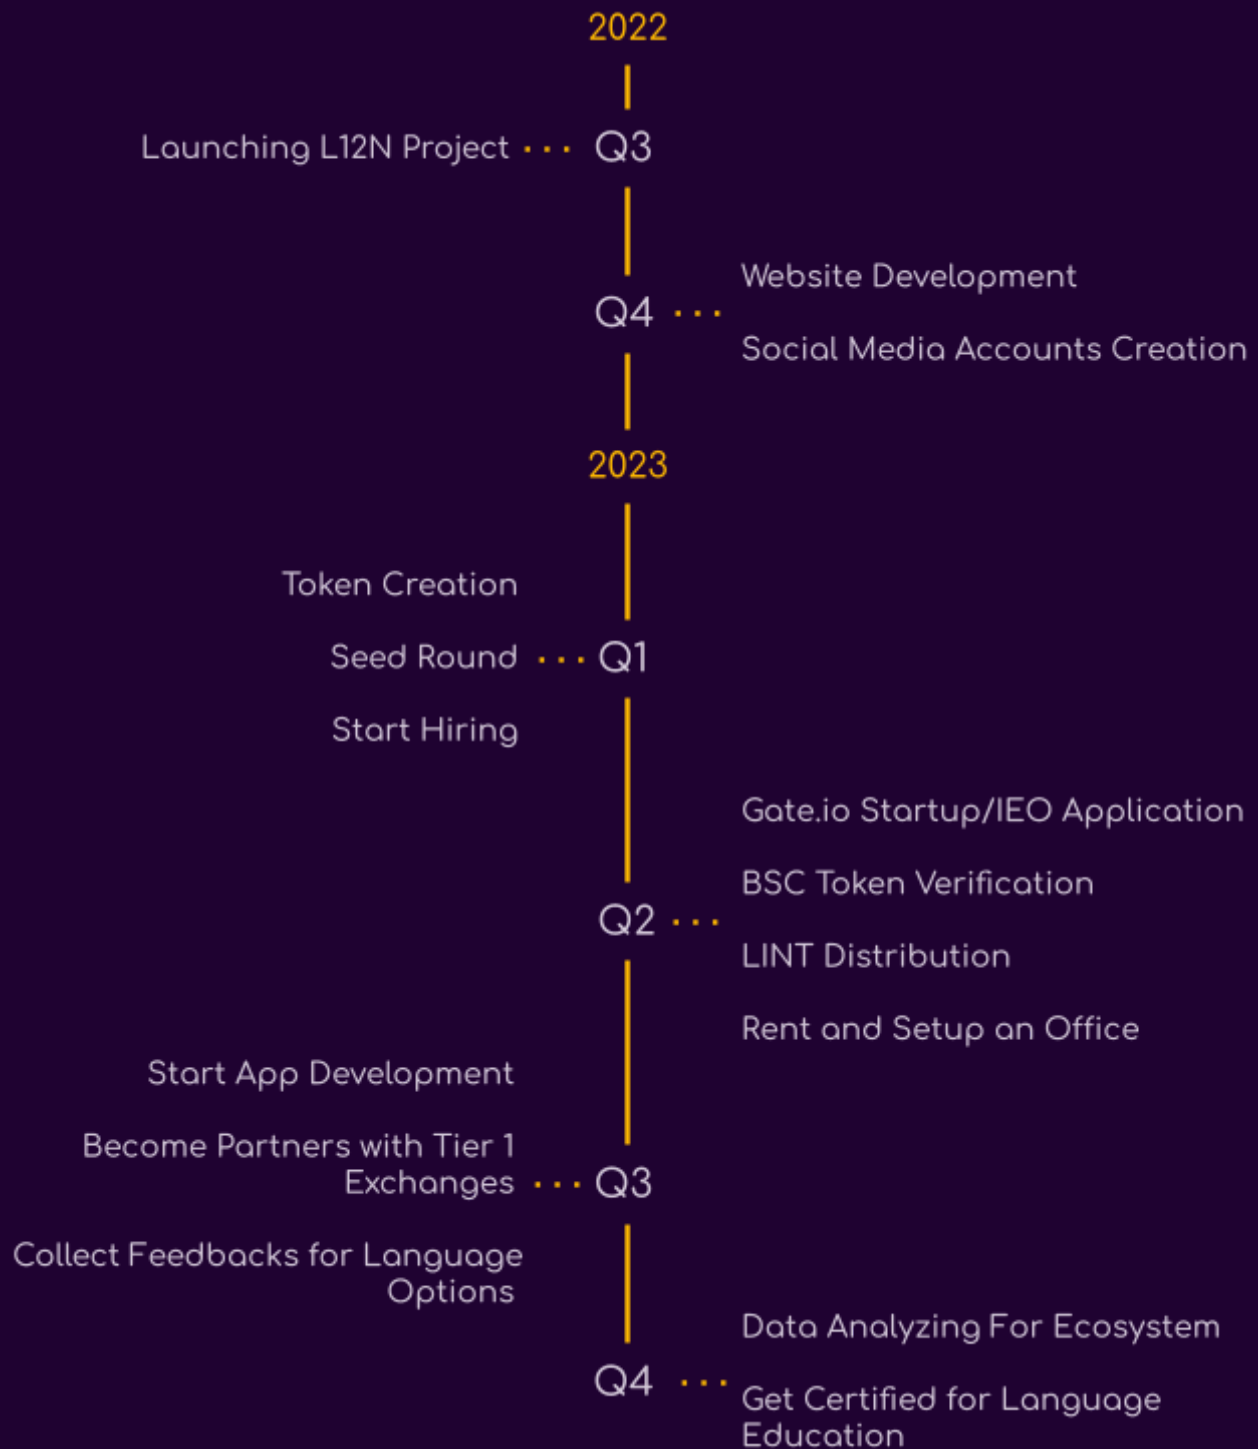

**Nodes & Validators:** Funds allocated for maintaining and operating the nodes and validators that help to secure the network.

**Community & Ecosystem:** Funds allocated for building and growing the project's community, as well as for listing fees for exchanges.

**Marketing:** Funds allocated for marketing and advertising efforts to increase awareness and adoption of the project.

**Liquidity:** Funds allocated for providing liquidity on the markets/pools, to ensure that the token can be easily bought and sold by investors.

### 3. Roadmap:

We are planning to release the L12N app in 2025 and blockchain in 2026. Between releasing the L12N app and blockchain; we are planning to operate the app with our community token.
